

Panel Testing Mode Instructions (4K TV System)

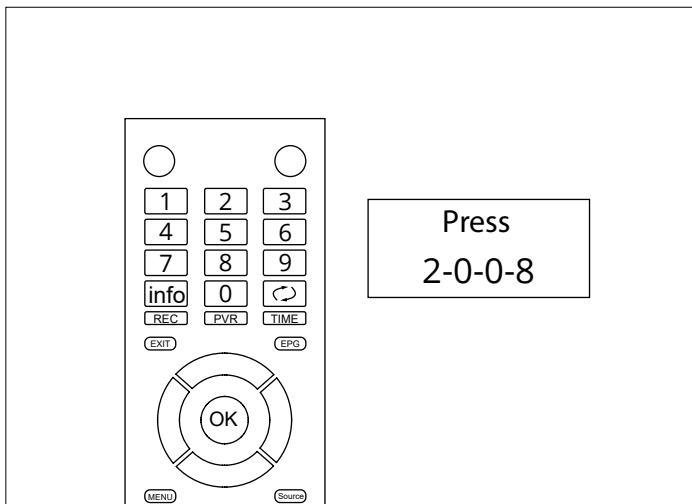

1 Remove the Android Box
On the back of your TV, find the small android box attached and remove it from the TV.

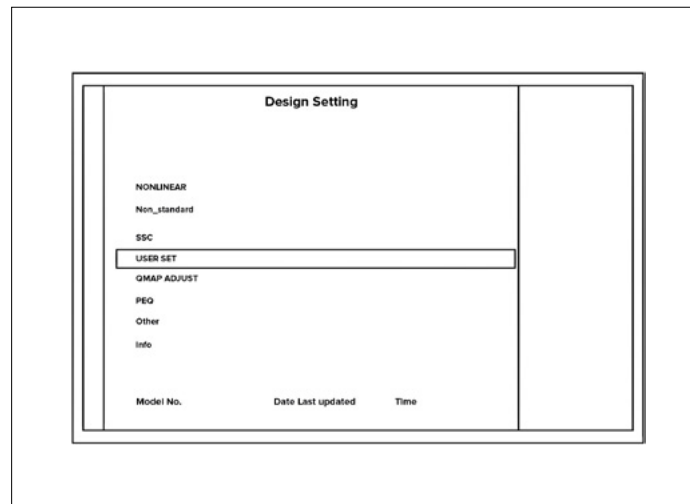

2 Press the Source Button
Find and press the "Source" button on the remote.

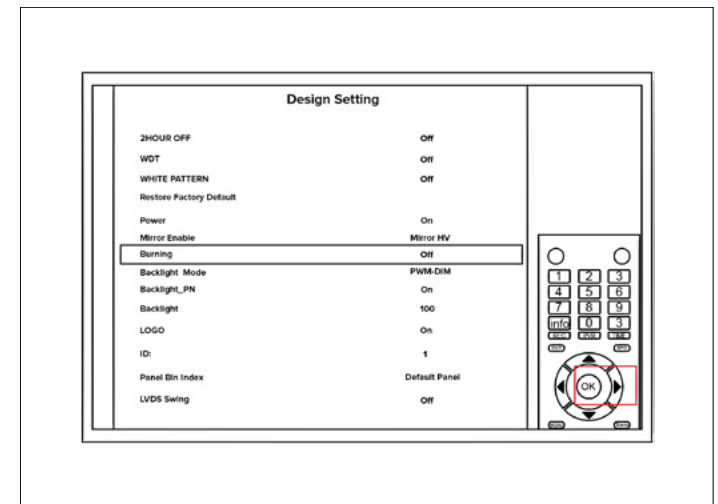

3 Highlight the HDMI1 Input
An input source menu would pop up at the top right portion of your screen. Highlight the HDMI1 option but do not press it.
** Note: If the HDMI button is accidentally pressed, press "Exit" button and go back to Step 2.*

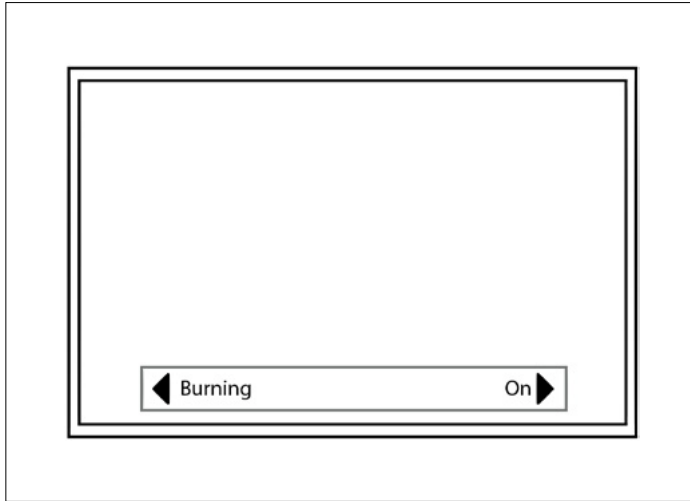

4 Press 2-0-0-8
Slowly press the buttons 2-0-0-8 on the remote to bring the "Design Setting" up.

5 Press User Set
Under "Design Setting", find and press "USER SET".

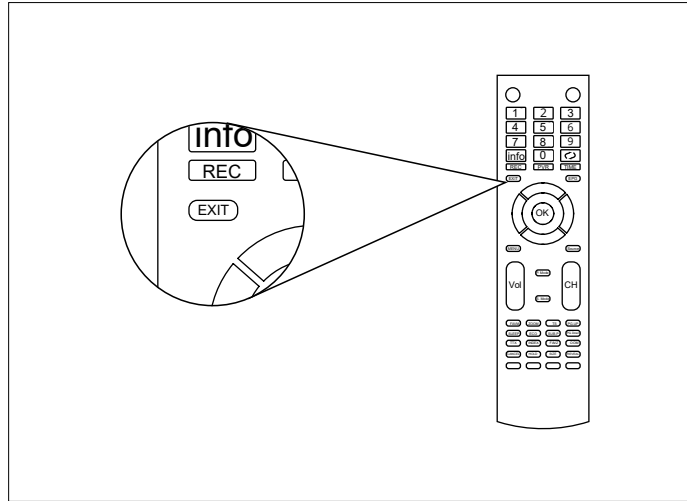

6 Press Burning
Under the "User Set", find the "Burning" option then press "OK", followed by the ► button on the remote.

7 Set Burning to On

The burning settings would pop up on the bottom part of the screen. Again press the ► button to set burning to on.

8 Press the Exit Button

Press the "Exit" button on the remote to go back to the main TV screen.
