

Panel Testing Mode Instructions (HDMI TV System)

1 Remove the Android Box
On the back of your TV, find the small android box attached and remove it from the TV.

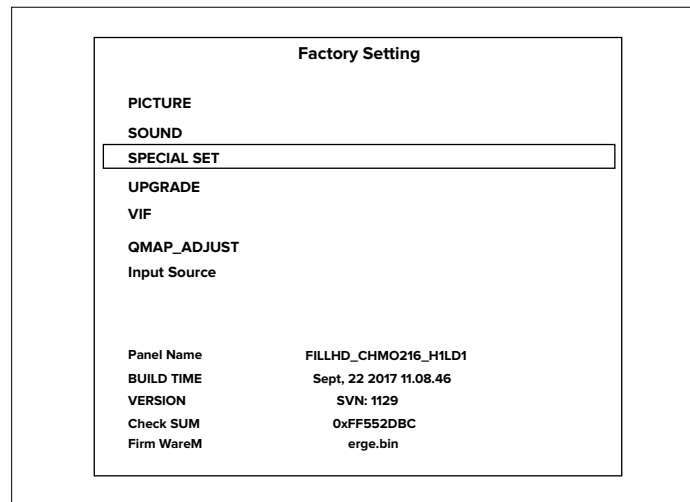

2 Press the Source Button
Find and press the "Source" button on the remote.

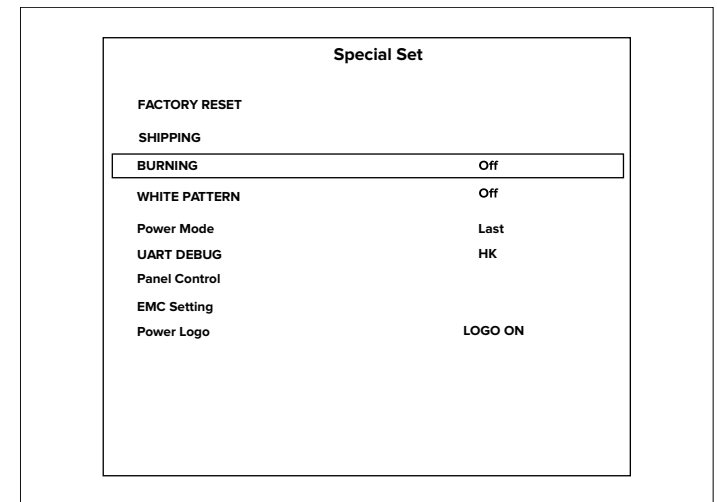

3 Highlight the HDMI1 Input
An input source menu would pop up at the top right portion of your screen. Highlight the HDMI1 option but do not press it.
** Note: If the HDMI button is accidentally pressed, press "Exit" button and start from the beginning.*

4 Press 2-5-8-0
Slowly press the buttons 2-5-8-0 on the remote to bring the "Factory Setting" up.

5 Press Special Set
Under "Factory Setting", find and press "SPECIAL SET".

6 Press Burning
Under the "Special Set", find the "BURNING" option then press "OK", followed by the ► button on the remote.

7 Press the Exit Button

Press the "Exit" button on the remote to go back to the main screen.
