Insert the power cord through the opening of the compartment cover. Then plug it to the power input port located at the back of the TV.

To Power Source
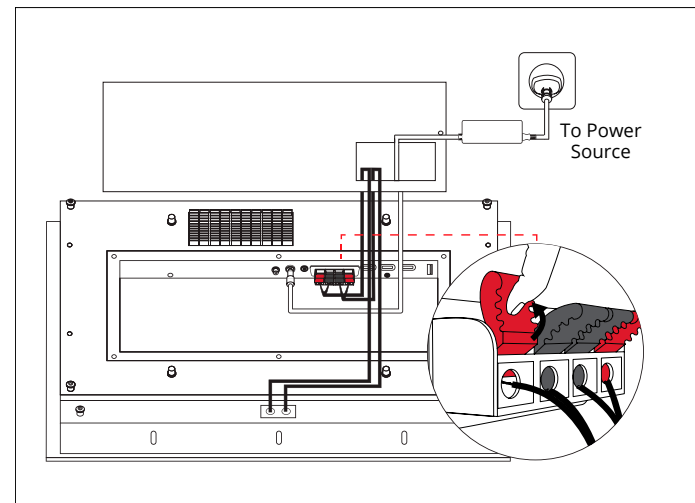

9 **Connect the Audio Cords**
Insert one end of the stipped audio cord into the red clip and insert the other end of the cord into the black clip. Then do the same for the other stripped audio cord.

Compartment Cover

Audio Cord goes through

10 **Cover the compartment**
Re-attach the compartment cover. Tighten the surrounding screws to make sure that they don't fall during the rest of the installation process.

Ocea Pro TV   TV Wall Box   Aluminum Frame
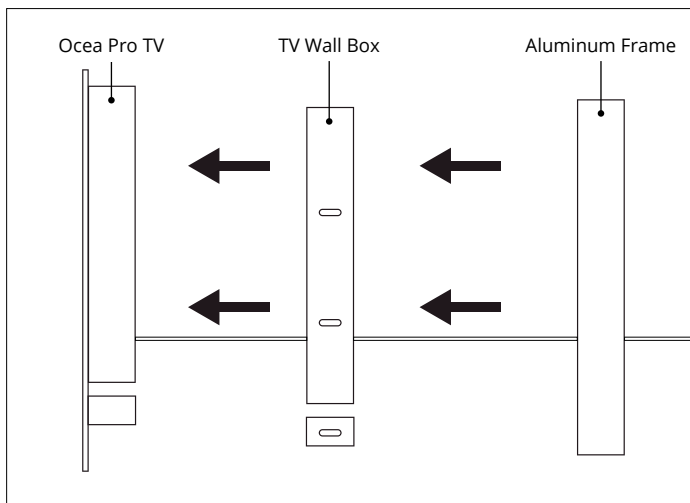

11 **Re-attach the TV Wall Box and the Frame**
Slide the TV back into the TV wall box. Then place the aluminum frame around the TV and tighten its allen screws back in place.

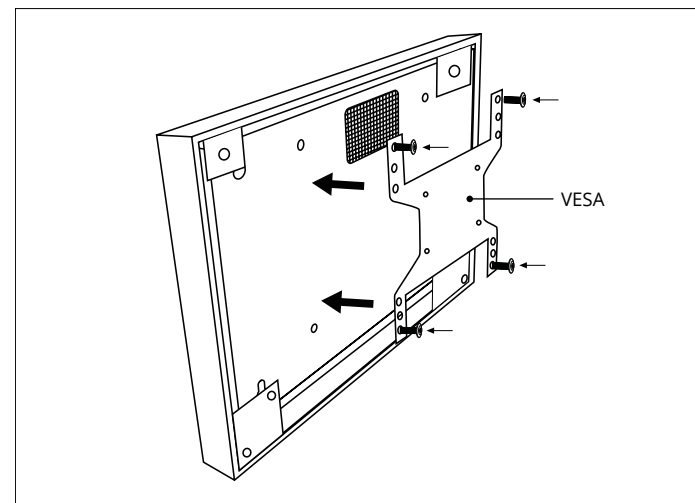

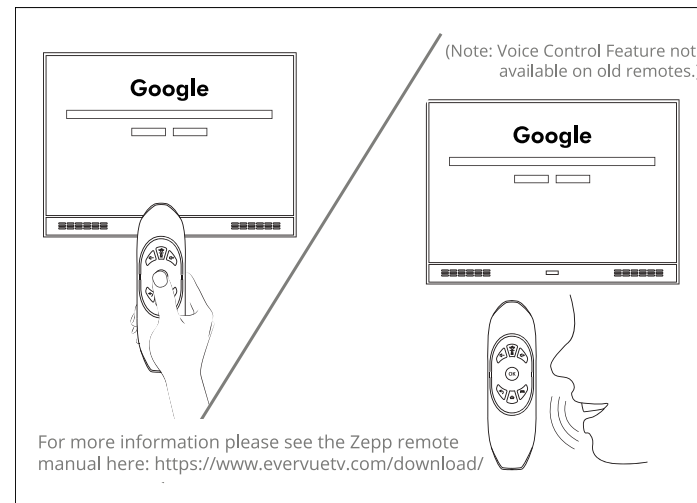

VESA

12 **Re-attach the VESA Bracket**
Screw the VESA bracket back in its original place.

Ocea Pro Swivel Mount - Installation Manual
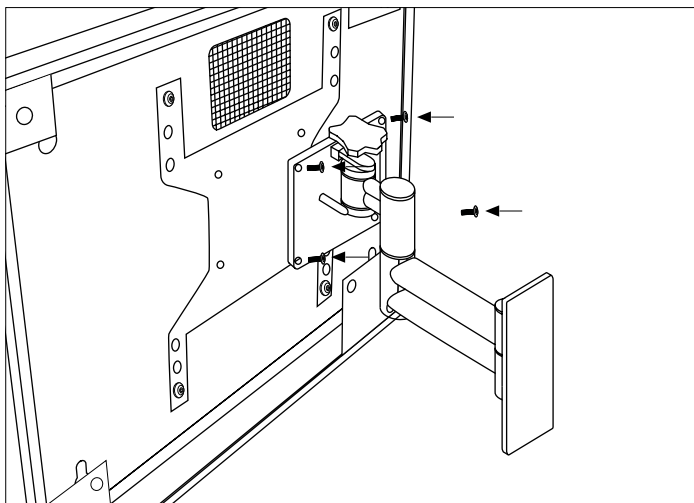

13 **Re-attach the Swivel Mount**
Screw the swivel mount at the back of your TV.

Turn on via
Touch Screen

Turn on via
Evervue Remote

14 **Turn on Ocea Pro TV**
You can either turn your Ocea Pro TV on by simply touching the power icon on the screen or by clicking the power button on your Evervue remote.

(Note: Voice Control Feature not available on old remotes.)

For more information please see the Zepp remote manual here: https://www.evervuetv.com/download/

15 **Control your TV**
On the Zepp remote included in the package, press the mic/mouse button for 5 seconds to turn the remote on. You can either use the remote as a mouse to control the cursor on the screen (old remotes) or use the voice command with the built-in microphone in the remote (new remotes).
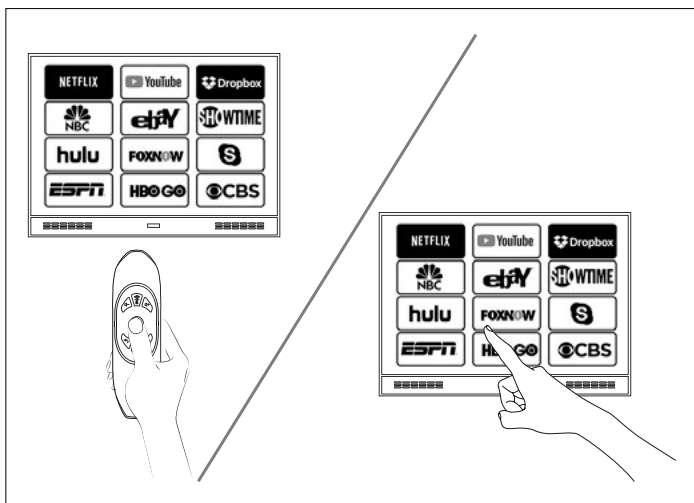

16 **Personalize your Ocea Pro**
Your Ocea Pro is ready. Use the Touch screen or the Zepp remote to navigate the TV, install and manage apps, and personalize your Ocea Pro.
