

Panel Testing mode (HDMI System)

Installation Manual

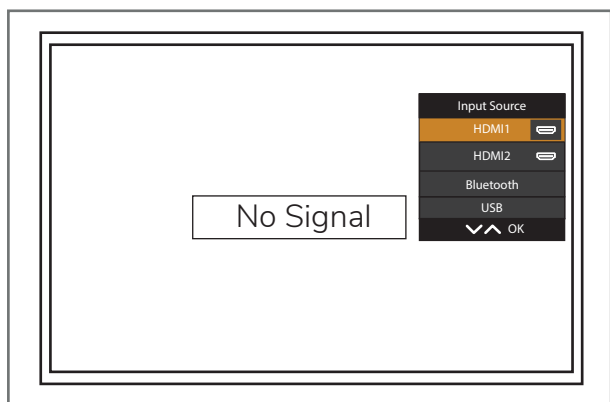

1 Remove the android box from the TV.

On the back of your tv, find the small android box attached to it and remove it from the TV.

2 Press the Source button

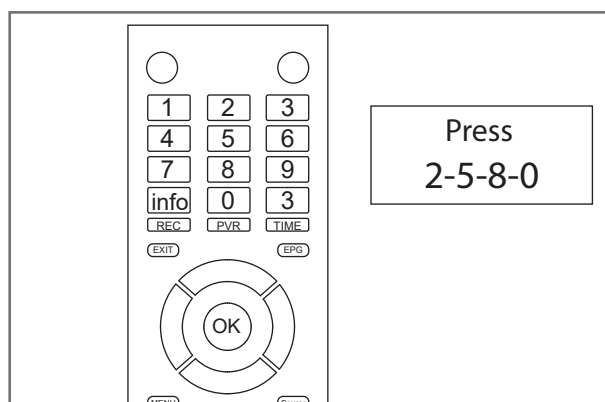

Find and press the "Source" button on the remote.

3 Highlight the HDMI1 input

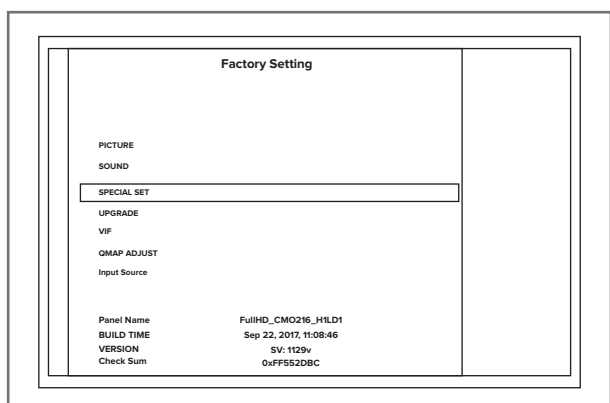

An input source menu would pop up at the top right portion of your screen. Highlight the HDMI1 option but do not press it.

(Note: If the HDMI1 button is accidentally pressed, press the "Exit" button and start from the beginning.)

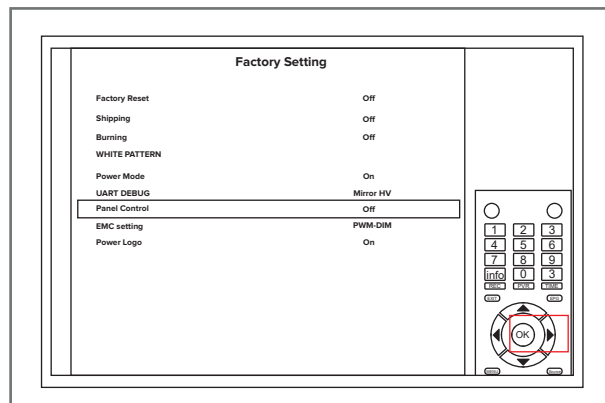

4 Press 2-5-8-0

Slowly press the numbers 2-5-8-0 on the remote to bring the "Factory settings" up.

5 Press User Set

Under "Factory Settings" press "Special Set".

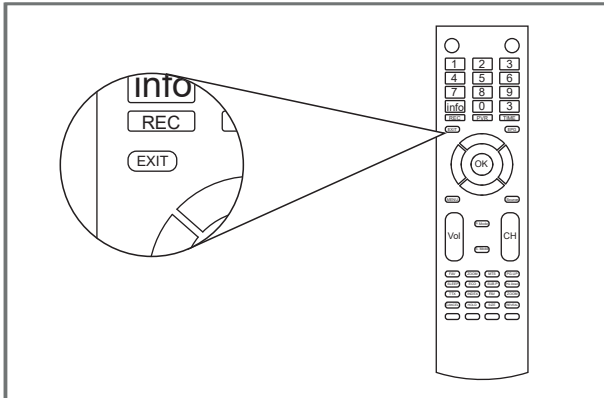

6 Press Burning

Under "Special Set" find the "Burning" option then press "OK" followed by the right arrow button on the remote.

Panel Testing mode (HDMI System)

Installation Manual

7 Press Exit

Press the "Exit" button on the remote to go back to the main TV screen.
