

# Power On Settings (4K TV System)

**1 Press the Source Button**  
Find and press the “Source” button on the remote.

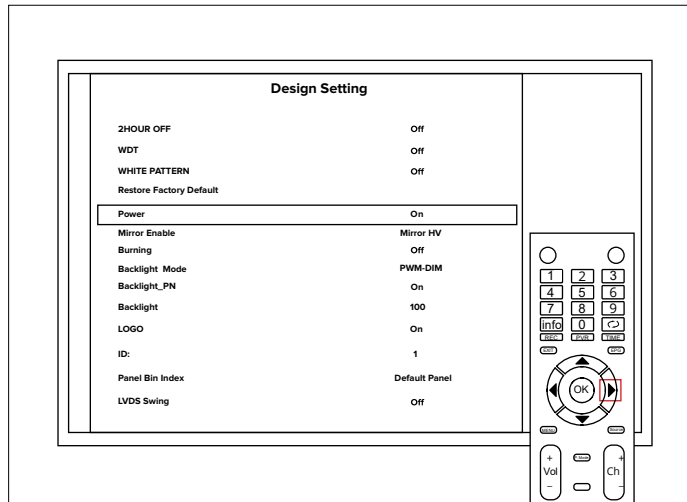

**2 Highlight the HDMI1 Input**  
An input source menu would pop up at the top right portion of your screen. Highlight the HDMI1 option but do not press it.  
\* Note: If the HDMI button is accidentally pressed, press “Exit” button and go back to Step 2.

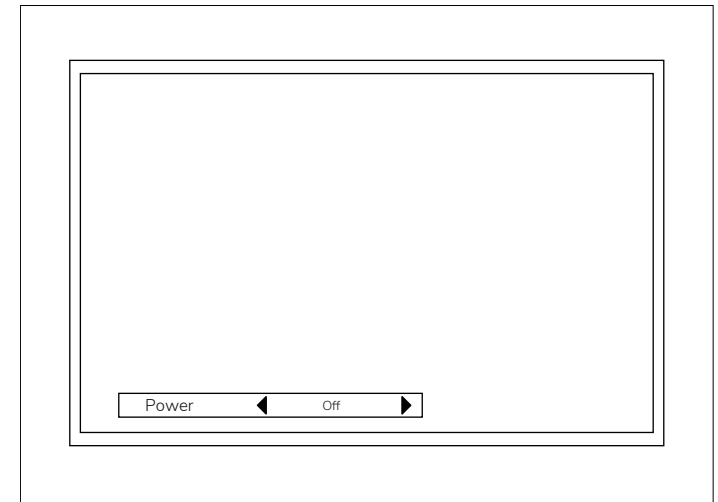

**3 Press 2-0-0-8**  
Slowly press the numbers 2-0-0-8 on the remote to bring the “Design Settings” up.

**4 Press User Set**  
Under “Design Settings”, highlight “User Set” and press “OK”.

**5 Choose Power**  
Under “User Set” highlight “Power”. Then press the right arrow button on the remote.

**6 Set Power to Off**  
Press the right arrow button twice or until the power settings (displayed on the bottom of the screen) changes to “Off”.
