

1 Click the Alexa Icon
On your home screen, click the Alexa icon.

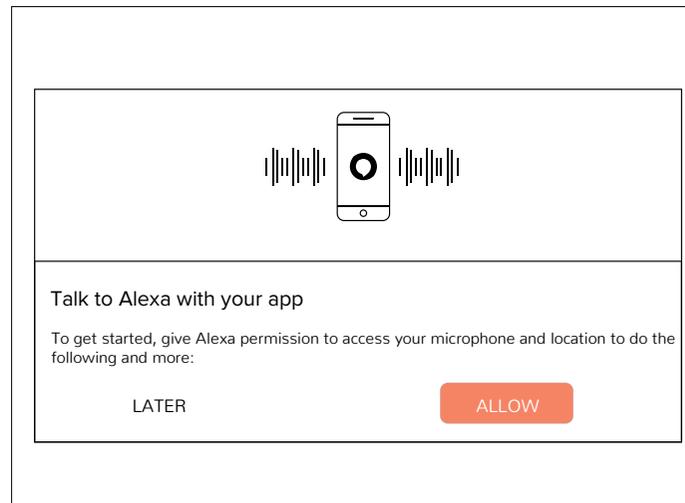

2 Sign in or Register
Sign in with your amazon account or create a new one. Have your cellphone ready because a phone verification will be required to complete the setup.

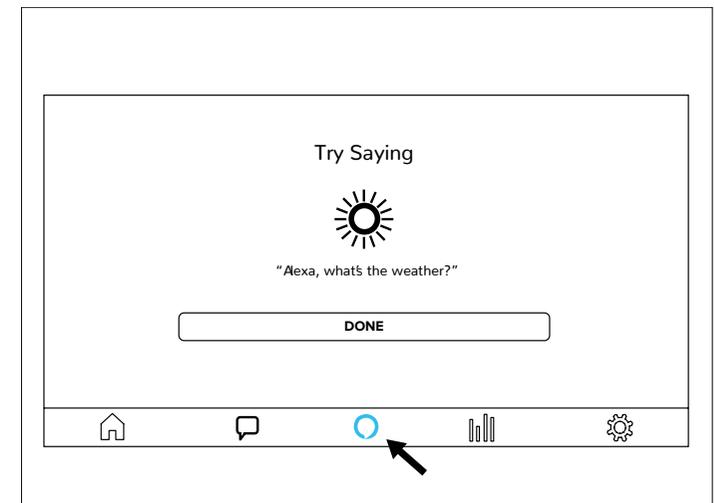

3 Setup Alexa
If you have amazon devices at home, connect them to the TV by clicking them on the list, otherwise, click "SKIP".

4 Let Alexa access your device
In order for Alexa to assist you better, it will ask for permission to fully access your device and your data. Click "ALLOW" to agree and "LATER" to disagree.

5 Enable Microphone and Location
It is important for Alexa to access the device's microphone and to know its current location. Please click "ALLOW" when asked for permission to access these two.

6 Done
Done. Your Alexa is ready, click on the amazon Alexa icon and ask your question.
